21 years experience  
[jbalko@markosky.com](mailto:jbalko@markosky.com)

### CORE COMPETENCIES & SERVICES

THE MARKOSKY ENGINEERING GROUP, INC. engineers can deliver a project from conceptual design through construction. We provide civil engineering services, permit preparation, utility coordination, water main, sanitary sewer, and stormwater plans. We also provide environmental and cultural resources including wetland delineations based on survey data. We will prepare the permit drawings, calculations, and permit applications. Construction phase services include; construction observation, review of submittals and shop drawings, responses to contractor requests for information, and project closeout assistance.

Our professionals have a reputation for building strong relationships with our clients and we work closely with them to provide designs that meet their schedule, budget and design requirements.

#### Our core Site Development services include the following:

- ❖ Site Design
- ❖ Grading & Landscape Plans
- ❖ Stormwater Management
- ❖ Innovative Stormwater BMP Design
- ❖ E&S Control
- ❖ Site Drainage Design
- ❖ Maintenance & protection of Traffic
- ❖ Right-of-Way & Utility Coordination
- ❖ Signing & Pavement Marking
- ❖ Traffic Analysis & Design
- ❖ Highway Occupancy Permitting
- ❖ Safety Analysis

Markosky provides engineering and design services to meet the needs of all types of site development projects.
